

# Every Moment Matters

## *Today is Hospice Sabbath 2010...*

a special day set aside to remember all those who died in the past year. And a reminder that every moment – large or small – matters.

At Hospice of the Piedmont, we know that every moment matters for our patients and their families.

Like you, Hospice professionals believe everyone deserves expert, compassionate care at the end of life.

Hospice of the Piedmont has cared for thousands of individuals and families in our community over the past **30 years**. Care focuses on helping all patients – no matter what their age or health challenges – live each day as fully, peacefully, and comfortably as possible...surrounded by those they love.

Every day, 365 days a year, the Hospice team works with individuals of all faith traditions to help make every moment matter. On Hospice Sabbath, we also honor churches like yours in our community that support those living at the end of life and their families.

We all want the best care for our loved ones, especially those with a life-limiting illness. **It's time to call Hospice for help when you or a loved one have:**

- Frequent emergency room visits or hospital admissions
- Constant calls of concern to your physician
- Unintended weight loss
- Continuous pain or shortness of breath
- Trouble with daily activities like dressing, bathing, or walking
- Care giving needs or emotional/spiritual concerns.

With so many services available, Hospice can help to provide just the right care and support at this critical time.

If you have recently lost a loved one, please call our Grief Counseling Center for individual counseling and support groups. And if you would like to help others in need, please talk with our volunteer coordinator about volunteer opportunities.

For more information on Hospice of the Piedmont and any of these services, please call 889.8446.
