

Volunteer Opportunities

Patient/Family Volunteers provide emotional and practical support to Hospice of the Piedmont's patients and their families, in both homes and nursing facilities. Volunteer activities may include supportive phone calls and visits, providing respite for the caregiver, running errands, providing transportation, providing prepared food items or doing simple chores. Each Patient/Family Volunteer is asked to spend at least one hour per week with the patient/family (or make one telephone contact). These volunteers are carefully screened and trained, and come from all backgrounds and walks of life. Volunteers must be age 18 or older, and a 20-hour training session is required.

Hospice Home Volunteers – Many opportunities for volunteering at Hospice Home at High Point are available including:

- **Indirect Patient Care Volunteers** assist with greeting incoming guests, giving facility tours, answering phones, monitoring the family room and family kitchen, restocking supplies and assisting at the team station. Volunteers must be at least 18 years old and a three-hour training session is required.
- **Direct Patient/Family Care Volunteers** provide support to patients and their families at Hospice Home, just as they do in patients' homes. Activities may include visiting with patients and families, reading, respite relief for the caregiver, helping with unpacking, assisting with meal selection, passing and picking up meal trays, and comforting families. Volunteers must be at least 18 years old and the standard 20-hour training is required.

Bereavement Volunteers assist the Grief Counseling Center by providing bereavement and grief support to families after the loss of a loved one. Activities include making telephone calls, preparing mailings and helping with support groups. The standard 20-hour training course is required plus specialized bereavement training.

Volunteer Opportunities

Children's Program Volunteers work with our children's counselor in providing grief support through creative activities and events. The standard 20-hour training course is required plus specialized training in dealing with children and grief.

Transportation Volunteers provide transportation for patients and caregivers to doctor's appointments, the grocery store and pharmacies. The standard 20-hour training session is required and automobile insurance of at least \$100,000 per occurrence and \$100,000 in aggregate must be continuously maintained.

Office Volunteers help with tasks such as answering phones, making copies, filing, data entry, assisting with large mailings, and other tasks depending on the skills of the volunteer and Hospice needs. One-on-one training and orientation are provided.

Special Project Volunteers assist with special activities including fundraising events (such as Hospice Taste of the Town) and holiday projects. One-on-one, online, and special training sessions are provided.

For information on volunteering or our next training session, please contact Hospice of the Piedmont's Volunteer Coordinator at 336.889.8446 or check our website at www.hospice-careconnection.org for more details.
